This document is important. It sets out the terms and conditions on which we will conduct business with you, including limits on our liability to you in paragraph 24. Please read this document carefully. You should contact us if anything is unclear.

1. INTRODUCTION

1.1 This agreement sets out the legally binding terms and conditions between you and us, OANDA Europe Limited, which apply when you use our services. This agreement replaces any previous terms of business between you and us.

1.2 OANDA Europe Limited provides online trading platforms (including its own and third party platforms, such as MT4 and MT5), which allows you to trade investment products known as contracts for difference and spread bets (our "**Products**" or "**CFDs**"). We allow you to trade our Products in various underlying instruments, including foreign exchange, indices, commodities, metals and bonds, and other instruments (for example but not limited to equities) from time to time which may be displayed on our Trading Platform. Trading Platform is defined in Annex 1, and different products may be traded on different platforms (and which may from time to time be governed by a supplemental agreement). The full extent of the services we provide and the risks involved are set out below.

1.3 Trading our Products is high risk and can result in losses. However, you will never lose more than the total sum you have invested in our Products, and you could lose your entire investment. Therefore it will not be appropriate for everyone. We would expect our services to be used by people who:

- (a) understand the impact of and risks associated with trading on margin and in derivative products;
- (b) have a high risk tolerance;
- (c) are trading with money they can afford to lose;
- (d) generally want to gain short term exposure to financial instruments; and
- (e) have a diversified investment portfolio.

By registering to use our Trading Platform or Software, you agree to the terms and conditions in this agreement, our Privacy Policy, Terms of Use and our Key Information Documents. We refer to these documents collectively as the "**Agreement**". You should read the Agreement carefully before using our services. A copy of the Agreement, and other relevant documents relating to our services, including our Risk Warning Disclosure, are available on our Website.

3. COMMUNICATING WITH YOU

3.1 We may communicate with you by telephone, letter, email, text message or by posting a message on the Trading Platform. We will use the contact details you gave us when you opened your Account or such other contact details as you may subsequently notify to us.

3.2 We will send all notices and statements relating to your Account to you by email and/or by posting them on the Trading Platform, unless you request otherwise and we agree to such request.

3.3 You agree that all Transactions will be entered into electronically and that such Transactions will be binding on you in accordance with this Agreement.

3.4 The Agreement and any other documents we provide to you, and all information, statements and notifications will be in English and we will communicate with you in English.

4. THE SERVICES WE PROVIDE

4.1 We provide you with the ability to trade our Products through our Trading Platform.

4.2 We allow you to trade using leverage, which can magnify your profits but also your losses. You can find out more about the risks associated with trading on leverage in paragraph 6, our Risk Warning Disclosures and on our Website.

4.3 We will act as principal and not as your agent when entering into Transactions. This means you are entering into contracts directly with us to buy and sell financial instruments. We are therefore not entering into a contract with any other person on your behalf.

4.4 You will enter into all Transactions with us on an **execution only basis**. An "**execution only basis**" means you will be solely responsible for all investment decisions and actions on your Account. You must therefore rely on your own judgment in respect of all dealings relating to your Account. This includes, but is not limited to, opening, closing, or not opening or closing, a Transaction.

4.5 When you enter into a Transaction with us, you are trading a derivative contract. A derivative is a contract which derives its price from an underlying asset. This underlying asset could (for example) be a share in a company, a commodity such as gold or the change in the exchange rate of currencies. You are therefore trading on potential price movements in the underlying asset, however you will not have any interest in or be entitled to delivery of the underlying asset.

5. **WE DO NOT PROVIDE ADVICE AND ARE NOT AN INVESTMENT EXCHANGE**

5.1 We will not make personal recommendations to you or give you any advice or recommendations including, for the avoidance of doubt, any tax related advice. Therefore, any explanation we may provide as to the terms of a Transaction or its performance characteristics will not amount to advice.

5.2 It is your responsibility to evaluate each Transaction and ensure that it meets your requirements and investment preferences.

5.3 Our Trading Platform is not an Exchange or a market. This means you can only enter into Transactions with us on the Trading Platform and all Transactions opened on our Trading Platform must be closed on our Trading Platform, and cannot be closed with any other entity. Accordingly, we are responsible for the prices quoted on the Trading Platform, which we set in accordance with our Order Execution Policy (which is available on our Website).

6. **WHAT ARE THE KEY RISKS OF USING OUR SERVICES?**

6.1 Trading our Products carries a higher degree of risk than ordinary share or foreign exchange dealing and will not be appropriate for everyone.

6.2 Trading using leverage can result in losses, however retail clients will never lose more than the total sum they have invested in our Products. Trading with leverage magnifies your gains and losses, so small price changes in the underlying asset can result in large losses or gains. However, we provide all of our retail clients with negative balance protection. This means that retail client aggregate liability for all Products connected to their Account is limited to the funds held on their Account. However, professional clients are liable for all negative balances, which are immediately due and payable.

6.3 Leverage is a form of borrowing. Trading using leverage allows you to trade without paying or depositing the full value of your position in advance. We take a form of security (or deposit) against any losses you may incur when you trade using leverage. This is known as Margin (see Paragraph 9).

6.4 We are required by law and regulation to limit the amount of leverage that a retail client may be exposed to on our Products. There are no prescribed limits on the amount of leverage that a professional client may be exposed to on our Products. The leverage levels available to both retail and professional clients are available on our Website.

6.5 Although maximum leverage rates and therefore minimum levels of Margin are set by law and regulation for retail clients, we are able to reduce leverage rates (increase the amount of Margin required) for any reason. We set leverage levels and thereby the amount of Margin required for professional clients, and can make alterations for any reason.

6.6 The value of your investments may go up or down.

6.7 Past performance is not a guide to future performance.

6.8 We may perform a Margin Closeout if the markets move against you, and/or to comply with Applicable Law, as detailed further in paragraph 9. A Margin Closeout will result in us closing some or all of your Open Positions. This would realise any losses or gains on your Open Positions. We do not need to give you advance notice or time to respond to a Margin Closeout. This is detailed further in paragraph 9 below.

6.9 Trading our Products does not give you any right to the underlying instrument of the Transaction. Our Products represent a notional value only.

6.10 The spread we offer is not fixed. This means the prices and spreads we offer may vary at any time. Our spreads are discussed in more detail in paragraph 10 below.

6.11 You should ensure you fully understand the risks involved before using our services and take appropriate investment, financial, legal, tax and other necessary professional, independent advice.

6.12 More information on the risks associated with trading on the Trading Platform is set out in our Risk Warning Disclosures. You should read this document and fully understand the risks before entering into this Agreement.

7. CONFLICTS OF INTEREST

7.1 We are required to act in your best interests when providing our services, but there may be instances where your interests conflict with ours or those of another customer of ours. For example, we or people connected to us (such as our group companies):

- (a) may enter into Transactions with you in which we or people connected to us have a material interest;
- (b) may execute hedging Transactions before or after entering into a Transaction with you to manage our risk in relation to the Transaction, which may impact the price you pay or receive for such Transaction, and we will retain any profits generated by such hedging; and
- (c) may enter into arrangements with third parties to or from whom we make or receive payments based on your trading activity.

7.2 Further, you trade against us (and no third parties) and we are responsible for setting the underlying prices. This could give rise to conflicts which we manage through our internal controls, including our best execution and hedging policies.

7.3 We are not under any obligation to account to you for any profit, commission or remuneration we receive from such activities, other than as and if required by Applicable Law.

7.4 We are required under the FCA rules to take all appropriate steps to identify conflicts of interest between us and people connected to us and our clients, or between one client and another, that arise in the course of providing our investment services. For further information please refer to our Conflict of Interest Policy, which is available on our Website.

7.5 We will not disclose any conflict of interest to you provided we have managed such conflicts in accordance with our Conflicts of Interest Policy. If we cannot manage the conflict sufficiently, we will notify you of the conflict and the steps we have taken to mitigate the risk arising from such conflict so you can decide how to proceed.

7.6 You consent to us dealing with you despite your awareness of these possible conflicts.

8. OPENING AN ACCOUNT, REGULATORY STATUS AND REQUIREMENTS

8.1 You are only permitted to have one primary Account with us. If we reasonably suspect you have more than one primary Account, then we may close one of those Accounts without notice.

8.2 If we open an Account for you, you will choose the Base Currency of your Account.

8.3 You may also be able to create various sub-accounts with different features; these could be different currencies or linked to different technologies offered through our Trading Platform, for example. We may limit the types and number of sub-accounts that you can open at our discretion.

8.4 We will treat each sub-account separately so your positions will not be netted across all your sub-accounts.

8.5 If we open an Account for you, we will generally classify you as a Retail Client for the purposes of the FCA rules. Retail Clients are afforded the highest level of protection under the regulatory system. You may request to be re-classified as a Professional Client which, subject to you satisfying relevant FCA requirements, will result in the loss of certain regulatory protections. We are not obliged to accept any such request; however, where we do, we will provide you with a written notice of the protections and compensation rights you could lose, in accordance with the FCA rules and Applicable Law, and some additional terms and conditions that will apply to you.

8.6 You need to provide us with certain information about yourself before we can open an Account for you. This will include details of your investment knowledge and experience and your personal and financial circumstances. We refer to this information as "**Registration Data**".

- 8.7 The Registration Data you provide to us must be complete, accurate and not misleading. We will rely on the Registration Data you provide to us unless we are aware that such information is manifestly out of date, inaccurate, misleading or incomplete.
- 8.8 You must notify us of any material changes to the Registration Data. We may ask you to update or confirm the Registration Data you previously provided to us from time to time. We may terminate this Agreement or suspend your Account if you fail to provide such information to us or if we believe that such information is not accurate. We will only take such steps if it is reasonable to do so.
- 8.9 From time to time, we may add to, modify or remove certain Account or sub-account types or the functionality of such Accounts. This may result in changes to your Account and/or sub-accounts. We will try to minimise disruption to you if we do this. We will give you prior written notice where we believe our actions may result in detriment to you.
- 8.10 We may carry out credit and other checks (including but not limited to verification of identity, fraud prevention checks and checks into your current and past investment activities) from time to time as we deem appropriate. Your Registration Data or other information may be used in the prevention of money laundering as well as for the management of your Account. You authorise us to use your Registration Data and other information in this way. We will use your data in accordance with our Privacy Policy, which is available on our Website, and outlined in paragraph 28.
- 8.11 In electronically submitting the Account application form you are authorising us to make such searches as we see fit to certify that the information that you have supplied is complete and accurate. Such searches will include, but may not be restricted to, information from the electoral register and credit reference agencies. We may undertake searches with credit reference agencies, such as but not limited to: Equifax, Experian and GB Group for the purposes of verifying your identity. To do so the credit reference agency may check the details you supply against any particulars on any database (public or otherwise) to which they have access.
- 8.12 We may refuse to open an Account for you for any reason. We are under no obligation to tell you why we have refused your application. One reason might be because we do not consider our services to be appropriate for you. If this is the case, we will advise you of this. In such circumstances we may still let you open an Account, but we will recommend against you proceeding with your application and trading until you have reviewed our training material and practised with a demo Account, and consequently your Account will not be available for trading for 24 hours whilst you consider the services we offer, whether they are appropriate for you and whether you would still like to use our services.
- 8.13 If you act in connection with or on behalf of someone else, whether or not you identify that person to us, we will not accept that person as an indirect customer of ours and we will not owe any obligation or duty to them unless otherwise specifically agreed in writing. Failure to inform us that another person (other than an Authorised Person) is operating your Account may result in us terminating this Agreement, suspending your Account and/or closing any open Transactions you may have with us.

9. MARGIN AND DEPOSIT REQUIREMENTS

For All Accounts

- 9.1 For each Transaction, we require you to have certain funds available on your Account, this is known as Margin. Margin protects us against negative price movements, which can result in you having trading losses on your Open Positions and can lead to you owing us money if any of your Open Positions were closed. Margin protects us in case you are not able to pay any money you owe us when Transactions are closed out.
- 9.2 When you enter into a Transaction, we require you to have sufficient funds available to cover Margin in relation to the Positions to be opened on your Account. Although maximum leverage rates and therefore minimum levels of Margin are set by law and regulation for retail clients, we are able to increase the amount of Margin needed for any reason. We set the amount of Margin needed for professional clients, and can alter it for any reason. Margin rates for different instruments are available on our Website for both retail and professional clients, as are margin calculations applicable to professional clients which may vary from the direct instrument margin rate based protocol, and may include (but not limited to) the Margin needed when a guaranteed stop loss order is placed.

- 9.3 In order to keep a position open, you are required to maintain a minimum amount of money in your Account, this is known as the **"Margin Requirement"**.
- 9.4 You must maintain sufficient funds in your Account at all times to meet the Margin Requirement on your Open Position(s). The Margin Requirement is 50% of the Margin needed to place the Transactions.
- 9.5 We may require you to deposit additional funds at short notice to ensure that your Margin Requirement is met to maintain your Open Position(s). This is known as a **"Margin Call"**. We are not obliged to make a Margin Call in any circumstances. If we do not make a Margin Call, we reserve the right but not the obligation, to close Open Positions. If we do not make a Margin Call and allow you to continue to trade or to keep your Open Positions open, you may incur further losses. In these circumstances we will not be responsible for such losses.
- 9.6 If we make a Margin Call, the only actions you will be able to take on your Account are:
- (a) depositing further funds to meet the Margin Requirement; or
 - (b) either closing Positions or reducing the size of your Positions to reduce the Margin Requirement; or
 - (c) where applicable and to the extent available to you under regulation, or under the leverage limits set by us, increasing the leverage on your Account, where you have set a lower rate.
- 9.7 We may use any money we hold on your behalf, or close out some or all of your Open Positions, in order to meet a Margin Call, including on other sub-accounts. We will not be responsible for any actions or inaction on our part in relation to a Margin Call where we act in accordance with this Agreement, including where we do not notify you that you are on a Margin Call. It is your responsibility, at all times, to monitor your Open Position(s) and to ensure that you have sufficient funds on your Account to cover the Margin Requirement.
- 9.8 We will close out one or more of your Open Positions when you do not have sufficient funds available on your Account to cover the Margin Requirement, ie: the available funds fall to below 50% of the Margin needed to open the Positions. Where we do this, we will close your Open Positions at the current market price and this may result in you incurring a loss on the Transaction(s). You will be responsible for any losses you incur as a result, however, retail clients will never lose more than the funds available on their Account. This is because we are required by law and regulation to provide retail clients with negative balance protection. Professional clients are liable for all negative balances, which are immediately due and payable.
- 9.9 Where any loss or profit is in a currency other than your Account's Base Currency, we will convert such loss or profit into your Account's Base Currency at our prevailing currency exchange rate (which is the prevailing mid-price of the FX spot rate plus a mark-up/ markdown) at the time that we close out such a Transaction. Full details on currency conversions, including prevailing mark-up and mark-down rates, are available on the Website and in the FAQs. You acknowledge and agree to bear any exchange rate risk or other market movements that may result from such and/or the exercise by us of our rights under this Agreement.

10. **ENTERING INTO TRANSACTIONS ON THE TRADING PLATFORM**

- 10.1 You must access our Trading Platform using the Access Codes (your personal identification information and password) set during the Account opening process or when you requested to change your personal identification information and/ or password. Further information is available on both the Website and in the FAQs.
- 10.2 You may enter into a Transaction at any time during Trading Hours. If you place an Order outside Trading Hours, we may not be able to execute the Order at the specified price if the market is not trading at the price you specified once Trading Hours commence.
- 10.3 You enter into a new Transaction by opening a new Position or closing all or part of an existing Position.
- 10.4 For each Position, you will choose whether to buy or sell (this is also known as going "long" (buy) or "short" (sell)). We quote both a buy and sell price for each instrument. The difference between these prices is

known as the spread. The spread we offer can vary at any time and may be different when you open and close a Position. The spread widens and narrows based on changes in the underlying market. This is known as a dynamic spread.

10.5 For each Transaction you enter into, you make us an offer to enter into a Transaction (either to open or to close a Position) at the price available on the Trading Platform when we execute your Transaction. The price that you see on the Trading Platform may be impacted by the size of your Order and underlying market depth. The principles that govern our pricing are outlined in our Order Execution Policy, available on our Website, and further information is available on both the Website and in the FAQs.

10.6 The price we quote on the Trading Platform may move rapidly due to changing market conditions. As such, the quote at which you offered to enter into the Transaction may not remain valid by the time we execute the Transaction. You agree that we may still execute your Order at a different price to that quoted on our Trading Platform when you offered to enter into the Transaction. There is no restriction to the extent that you could benefit from

such price movement or the extent to which you could suffer from such price movement, unless you opt to control the extent to which you could suffer from such price movement by adjusting the price bound setting on your trading ticket.

10.7 We are under no obligation to accept your offer to enter into any Transaction.

10.8 You will have opened or closed a Position when we have accepted your offer, and when opening a Position you have sufficient funds on your Account to cover the Margin needed to open the Position (see paragraph 9).

10.9 You must place all Transactions through the Trading Platform. If any other person (other than an Authorised Person) performs actions in relation to your Account, we may take any action we deem necessary (including to comply with Applicable Law). This may involve terminating the Agreement, suspending your Account and/or closing or reversing Transactions.

10.10 We will not accept any form of written offer to open or close a Transaction, including offers sent by fax, email or text message, or offers made by telephone, unless we have expressly stated in writing via an emergency notification.

10.11 We may establish trading and leverage limits on your Account at our sole discretion, or to comply with Applicable Law, with or without notice. Such limits may include, but are not limited to, limits on the amount of leverage that you may be exposed to on our Products, limits to the number of sub-accounts available for trading, limits on the size of any Transaction or series of Transactions which together create a large size Open Position, limits on the size of any Open Positions in your Account(s) and/or the number of Transaction permitted within a set period of time. In dealing with large size Transactions or a series of large size Transactions, we may, in our reasonable discretion, enter into them or close them out at a price or prices that are different from the price or prices quoted on the Trading Platform.

10.12 We may take reasonable corrective action for Invalid Transactions, including, without limitation, the right to reverse or amend:

- (a) any Transaction constituting an Invalid Transaction; or
- (b) any or all Transactions executed after an Invalid Transaction and prior to our corrective action.

If we do not reverse or amend such Transaction(s), we may credit your Account for the portion of the realised loss, or debit your Account for the portion of the realised profit, in each case attributable to any such Transaction(s). Any Open Positions that, due to such Transaction(s), are either reduced or closed shall remain reduced or closed. It shall be your sole responsibility to monitor the remaining Open Positions in your Account and take any action you deem prudent with respect to such Positions. The fact that we have confirmed any Transaction(s) shall not prevent us from taking such corrective action.

11. **SPECIFIC TRADING INSTRUCTIONS YOU CAN GIVE**

11.1 When you make an offer to enter into a Transaction you can either:

- (a) open a Transaction at the best available price on the Trading Platform at the time of opening that Transaction, this is called a **"Market Order"**; or
 - (b) offer to open a Transaction at a particular target price set by you, this is called a **"Pending Order"**.
- 11.2 We may also, from time to time, offer trading features which you can utilise when you place an Order (see paragraphs 11.14 and 11.15).
- 11.3 All Orders will be processed according to our Order Execution Policy (which is available on our Website), and you will be deemed to have accepted this policy upon signing up to this Agreement.
- 11.4 We execute all Transactions at the best price available at the time in accordance with our Order Execution Policy, which is available on our Website.
- 11.5 When you place an Order with us, you expressly acknowledge and agree that you fully understand all the terms and conditions attached to such Order.

Market Order

- 11.6 When you place a Market Order, the price at which we execute the Transaction may not be the same price which was displayed on the Trading Platform when you submitted the Order, as prices are subject to continual movement. Your offer to open a Market Order may be accepted at a lower or higher price than the price indicated by you in your Market Order. There is no restriction as to the extent that your Market Order could be executed at a beneficial price for you or at a worse price for you, unless you have utilised the bound adjustment functionality on your trading ticket to control the extent to which your Market Order could be executed at a worse price.
- 11.7 You should make sure you are aware of the bound adjustment functionality on the trading ticket before you place a Market Order, and make any personal adjustments you wish (in order to reduce the potential for execution at a worse price for you) before you place a Market Order.
- 11.8 If the price has moved outside of any manual bound adjustment to control the extent to which your Market Order could be executed at a worse price, we will not enter into the Transaction.
- 11.9 If you choose to open a Market Order, your offer will be accepted at the best possible price offered on the Trading Platform at the time you place your Order as explained in our Order Execution Policy, which is available on our Website.

Pending Order

- 11.10 A Pending Order is a contingent Order which will only be executed if and when our price reaches or crosses a specified level. Further information on specified trigger levels is available in our Order Execution Policy, available on our Website, and on both the Website and in the FAQs.
- 11.11 When you specify a target price for a Pending Order, the price at which we execute the Transaction may not be the price you specified when you placed your Order. This may be due to depth of market pricing and/or volatile market conditions outside our control. You agree that we may execute a Pending Order at a different price to the price you indicated in your Pending Order. Further information on depth of market pricing is available in our Order Execution Policy, available on our Website, and on both the Website and in the FAQs.
- 11.12 There may be occasions when we are unable to execute a Pending Order at the level you specified, despite our reasonable efforts to do so. This could be due to market volatility and factors beyond our reasonable control, such as, but not limited to, liquidity available in the market. For example, an Order may be closed at a worse price than you specified because the market moved too quickly for us to execute sooner. Where this happens, we will close the Transaction at the next best price. This is referred to as slippage and is discussed in more detail in our Risk Warning Disclosure. There can be slippage on both opening and closing Orders, subject to any trading features which may prevent slippage, which we may make available to you, from time to time (see paragraphs 11.14 and 11.15).
- 11.13 You may cancel a Pending Order at any time prior to its acceptance without any liability.

Trading Features

11.14 We may make available to retail clients, or professional clients, or both, certain trading features from time to time. The different trading features, and the type of client that can benefit from the feature and any associated costs/ fees will be available on our Website.

11.15 An example of a trading feature is a "Guaranteed Stop Loss" ("GSL"). A GSL is where you tell us at the time of placing an Order, the price at which we must automatically close your Position, if the market moves against you (the stop price). The GSL allows you to know the maximum potential loss associated with each Order and guarantees that your Order will be closed at exactly your pre-selected stop price, therefore limiting any losses that you may incur, and eliminating the possibility of slippage.

12. FEES AND CHARGES

12.1 When you open and close a Transaction, our spread (on both the open and the close) includes our charges for trading with us. Details of all charges can be found in our Key Information Documents, which are available on our Website.

12.2 Transactions may be subject to either hourly or daily, depending upon the underlying instrument, "Financing Charge" or "Financing Credit", to reflect the cost of funding your position (in relation to the margin utilised). The Financing Cost is calculated on a per position basis and may be a charge or a credit, depending on whether the position is a buy/long position or a sell/short position, and after also taking into consideration the impact of our admin fee.

Further information on Financing Costs and funding rates is available on our Website.

12.3 When a Transaction is closed out:

(a) you will have to pay the Difference (this is the Difference in price between the opening of a Transaction and the closing of a Transaction, plus or minus any Premium payable), where the Transaction is:

- (i) a Sell, and the closing price of the Transaction is higher than the opening price of the Transaction; or
- (ii) a Buy, and the closing price of the Transaction is lower than the opening price of the Transaction; and

(b) you will receive the Difference where the Transaction is:

- (i) a Sell, and the closing price of the Transaction is lower than the opening price of the Transaction; or
- (ii) a Buy, and the closing price of the Transaction is higher than the opening price of the Transaction.

12.4 We may use (and/or transfer) any funds in any of your Accounts (or sub-accounts) to settle your payment obligations under this Agreement.

12.5 Unless we agree otherwise, all sums due under this Agreement are due immediately upon the conclusion of a Transaction.

12.6 You will be liable for all taxes, fees and assessments for any Transaction you complete on the Trading Platform, now or in the future. You will reimburse us if we pay any applicable taxes on your behalf.

12.7 We may charge you for market data or any other ancillary services we make available to you.

12.8 We may deduct from any payments due to you such amounts as are required to be deducted in accordance with Applicable Law.

12.9 If there are no Transactions on your Account for a period of at least 12 months, your Account may be subject to a monthly inactivity fee for each month the Account remains inactive. The levying of an inactivity

fee will not result in a negative balance on your Account. Further information on inactivity fees is available on our Website.

13. GENERAL RULES OF TRADING

13.1 All prices shown on the Trading Platform are indicative only, relate to Normal Market Size and are subject to constant change as the market changes.

13.2 You must comply with any reasonable restrictions that we notify you of from time to time with respect to your activities on the Trading Platform, including limitations on, and the size of, Transactions and resultant Positions, or other conditions that may apply to our quote.

13.3 Each Transaction opened or completed by you will be binding upon you even where, for example, in opening the Transaction you may have exceeded any credit and/or other limit applicable to you or in respect of your dealings with us, unless prohibited by Applicable Law.

13.4 We may monitor the status of any Transaction; make Margin Calls or advise you that you are in breach of any Margin Requirements; or close any Transaction that you have opened, but we are not under any obligation, unless required by Applicable Law, to take such action and will not be responsible for any losses you incur as a result of our action or inaction.

13.5 We may provide a quote and accept (and therefore act on) your offer to open or close a Transaction outside of the Trading Hours for an Instrument. Transactions can (and will) only be executed during the time when the relevant Exchange is open for business. It is your responsibility to ensure you are aware of the trading hours for the Instruments you trade in.

13.6 Trading strategies which involve the use of ultra-high speed or mass data entry must not be deployed without our prior written consent, which we may withhold at our discretion.

13.7 We may reject your offer to open or close a Transaction, or unwind or close any Open Positions without notice, if we reasonably believe:

- (a) your offer to open or close the Transaction is given while the quote is no longer valid;
- (b) our quote contains a Manifest Error;
- (c) the Transaction exceeds the maximum Order amount;
- (d) the Order is placed in reliance on price latency opportunities including any Orders placed using API, or by attempting to game or abuse the system;
- (e) you have insufficient funds available on your Account to cover the Margin associated with an opening Transaction or maintaining an Open Position, or you would breach any other limit placed on your dealings by us or required of us by Applicable Law;
- (f) you have benefitted from an unfair advantage or acted in an unfair or abusive manner in respect of our systems, platforms or Accounts, for example:
 - (i) using any electronic device, software, algorithm or any trading strategy that aims to manipulate or take unfair advantage;
 - (ii) exploiting a fault, loophole or error in our software, system or platforms;
 - (iii) collusion; or
 - (iv) using trading strategies designed to return profits by taking advantage of latencies in a platform, delayed prices or through high volumes of Transactions opened and closed within an unusually short period of time as compared to the 'average' client and/or targeting tick fluctuations rather than movements reflecting the correct underlying prices;
or

(g) it is reasonable for us to do so in order to protect us or the Trading Platform, provided we act reasonably.

13.8 If you are a legal entity, our Transactions with you may need to be reported under the European Regulation on OTC Derivatives, Central Counterparties and Trade Repositories (648/2012), also known as EMIR. If they are required to be reported, we will generate the unique trade identifier in relation to each relevant Transaction. Please contact us for this information.

13.9 To the extent you are a MiFID investment firm and are required to do so, we will not transaction report on your behalf.

13.10 If you are a legal entity, you agree that we may in certain circumstances obtain a Legal Entity Identifier (LEI) on your behalf. We may do this if we consider it necessary in order to allow you to enter into Transactions with us. We may pass on to you any charge we incur to obtain an LEI on your behalf and we may charge you an administration fee to cover our costs.

13.11 Where a situation arises that is not contemplated by this Agreement you and we will resolve the matter using principles of good faith and fairness, guided both by normal market practices and the approach taken by our hedging counterparty with whom we have hedged our risk exposure to you for the relevant Transaction or Transactions.

14. **ACCOUNT STATEMENTS AND INFORMATION**

14.1 All information on your trading activities is available online in your Account.

14.2 You can generate daily, monthly and yearly reports of all your executed trades and trading activities. Your Account will be updated no later than 24 hours after any activity takes place.

14.3 We will keep records of your Transactions to comply with our own record keeping obligations, and we may disclose such records as may be required as evidence in any legal or regulatory proceedings. We do not keep records on your behalf.

15. **YOUR MONEY**

15.1 We will treat any money we hold on your behalf, irrespective of your classification as a Retail or Professional client, as Client Money in accordance with the FCA's Client Money Rules, and therefore hold your money in segregated Client Money bank accounts, subject to clauses 15.2 and 15.5.

15.2 We will hold your (and other customers') Client Money in pooled client bank accounts with one or more third party banks or credit institutions in the UK, that we choose in accordance with the Client Money Rules. We will not be responsible for the acts or omissions of any third party bank or credit institution holding your money.

15.3 We may place funds in notice or term deposit accounts with a notice period or term of up to 95 days. Placing client money in notice or term deposit accounts does not in itself affect your ability to deal with or withdraw funds from your account with us, however in the

unlikely event of insolvency of OANDA Europe Limited, such amounts may not be immediately available upon request.

15.4 We will not pay interest on any Client Money that we hold on your behalf and by entering into this agreement you acknowledge that you therefore waive any entitlement to interest under the Client Money Rules or otherwise.

15.5 If there has not been any movement on your Client Money balance for six years (disregarding any payment or receipt of interest, charges or similar items) and we have not been able to trace you despite having taken reasonable steps to do so, you consent to us paying your Client Money to a registered charity of our choice in accordance with the Client Money Rules. We will take reasonable steps to trace you and return your Client Money to you before donating it to charity. We (or another member of our group) will repay a sum equal to the sum paid away in the event that you claim it in the future.

15.6 You agree that we may transfer Client Money to a third party as part of a transfer of all or part of our business in accordance with the Client Money Rules. Any sums transferred will be held in accordance with the Client Money Rules or, where this is not the case, we will exercise all due skill, care and diligence in assessing whether adequate measures are in place to protect such sums.

16. **MONEY OWING TO YOU**

16.1 Any money standing to the credit of your Account will be transferred to you upon request, subject to you satisfying relevant Margin Requirements and there being no outstanding sums due from you under these terms.

16.2 Withdrawals from your Account should be made to the same account you used to fund your Account. If you have sent funds to us from more than one bank account, we will, at our discretion, pay any amounts withdrawn from your Account to one of the bank accounts from which such funds were received. We reserve the right to decline or cancel a withdrawal request using a specific payment method and suggest an alternative payment method for which you will need to proceed with any new withdrawal request. In doing so, we may request you to supply further supporting documentation for our internal checks and proper processing of the withdrawal request; in particular, where you wish to change bank accounts or when the bank account from which the funds were originally received no longer exists.

16.3 Withdrawals from your Account are generally carried out within a minimum of 3 Business Days and up to 7 Business Days upon receipt of the withdrawal request, except in extraordinary circumstances. Withdrawals to a bank account via bank transfer may be subject to further delays. Following receipt of a withdrawal instruction, we process the request and the requested withdrawal amount will be deducted from your Account balance. You or we can cancel the withdrawal request at any time until the withdrawal request is fully processed and settled, and the withdrawal amount requested can be used to satisfy your liabilities for any Transactions completed during such time.

16.4 Where applicable we will return money to your credit/debit card in the form of card refunds. This means that your withdrawal request may be split into multiple payments in order to refund each of your individual deposit transactions.

16.5 We reserve the right to refuse: deposits to your Account, including without limitation, deposits made from third party sources; and withdrawals from your Account which are directed to third party recipients.

16.6 All Account withdrawal requests are subject to a minimum withdrawal amount, which is the lesser of £50 (or equivalent) and your available balance.

16.7 We may charge you if you exceed the maximum number of monthly withdrawals on your Account, as detailed on our Website.

17. **THE TRADING PLATFORM**

Access to the Trading Platform

17.1 We grant you a licence to install and use the web and app version of the Trading Platform Software. This licence is personal to you. You cannot allow others to use the Trading Platform Software or sub-licence our Software in any way. When this Agreement ends, we automatically revoke the licence and you must no longer use the Trading Platform.

17.2 You must comply with the terms of any Third Party Software Licences that we provide you with from time to time. We do not provide support for Third Party Software nor make any warranty or representation as to its quality or performance. - 17.4 The use of and access to the Trading Platform may not be permitted (or may be blocked) in some countries and jurisdictions. It is your responsibility to verify that you are permitted to use and access the Trading Platform in the country in which you are located.
- 17.5 From time to time, we may add to, modify, or remove any part of the Trading Platform or Software. We will try to minimise disruption to you if we do this and replace any part of the Trading Platform with an equivalent part to the extent practicable. We will give you prior written notice where we believe our actions may result in detriment to you.
- 17.6 We may allow you to use our services and access our Trading Platform through various digital means, including through our Website or a mobile or tablet application. Accessing the Trading Platform through our digital channels may not allow the same functionality, access to information and services which are available when using the web version of the Trading Platform.
- 17.7 We do not promise our Trading Platform or Software will be uninterrupted, error-free or free from viruses. For example, there may be occasions where you cannot place Transactions; where information (including prices and quotes) is incorrect; where you cannot receive any messages from us; or where Orders are not correctly completed. We will not be responsible for any such interruption or errors and our records will determine the obligations of either party.
- 17.8 We take no responsibility for any communications transmitted over the internet, including any failures, disruptions, distortions, errors or delays. There can be no assurance that such communications will remain confidential or intact. Any communications transmitted to or from you through the Trading Platform, email, instant messaging or other forms of electronic communication through the internet are at your own risk.
- 17.9 We will not be responsible for any loss or damage you suffer (including damage to your devices) through access to or use of the Trading Platform or through any failure by us (or a third party) to provide you access to the Trading Platform or through any incompatibility of the Trading Platform with any of your devices.

Access Codes

- 17.10 You must:
- (a) take all reasonable steps to keep your Access Codes confidential and ensure they cannot be used by any person other than you or an Authorised person; and
 - (b) notify us as soon as possible by telephone or in writing if you discover that any of your Access Codes or other security information or devices have been lost or stolen, or that someone else has used (or attempted to use) them.
- 17.11 When we receive any form of communication (including but not limited to instructions for Transactions) through our Trading Platform from any device or medium that uses your Access Codes, we will assume the communication has been transmitted by you or by an Authorised Person. We will rely on that communication as a valid and authentic communication from you and, where applicable, as authority to enter into Transactions with you.
- 17.12 We are under no obligation to confirm any communication using your Access Codes is valid, accurate or complete before we act or rely on the communication. We may act or decline to act on any communications if we consider them to be unclear, incomplete or suspicious and will not be responsible for any such actions or inactions.
- 17.13 You must immediately inform us if you are aware or suspect that a third party has had access to your Account.
- 17.14 We will not be responsible for any losses or damage you suffer as a result of any such unauthorised access to your Account, where you have acted fraudulently or have intentionally or negligently disclosed your Access Codes.
- 17.15 We may suspend your access to the Trading Platform and require you to change your Access Codes at any time.

17.16 If we receive conflicting or ambiguous instructions, we may in our reasonable discretion and without any liability to you or any other person such, act or decline to act as we think fit, but will endeavour to contact you to clarify your instructions as soon as reasonably possible.

18. **JOINT ACCOUNT**

18.1 If your Account is a joint Account, each of the joint Account holders (collectively the "**Joint Owners**") acknowledge that:

- (a) both Joint Owners will be responsible for complying with the terms of the Agreement individually (this is known as joint and several liability);
- (b) any one or more of the Joint Owners shall have the authority to act on behalf of all Joint Owners, without notice to the other Joint Owners;
- (c) each Joint Owner appoints each and every other Joint Owner as his/her agent and confers upon each and every Joint Owner the broadest possible power with respect to the Account;
- (d) we are authorised to act on the instructions of any Joint Owner, without further inquiry in respect of all Transactions, including without limitation, the placement of Orders, the entering into of Transactions, and the disposition of any or all assets in the Joint Account. We have no responsibility to further enquire into the authority of the Joint Owners, and will not be responsible for the consequences of any acts or omissions we make in reliance upon any such instructions;
- (e) we will be entitled to recover from any one or more Joint Owners our reasonable costs of defending any claims by a Joint Owner that may arise as a result of us following the instructions given to us by any Joint Owner;
- (f) any one or more Joint Owners shall immediately notify us in writing in the event of the death or legal incapacity of any other Joint Owner. We may, before or after receiving such notice, take such action, require such documents, retain such assets

and/or restrict such Transactions as we deem advisable to protect ourselves against any tax, liability, penalty or loss. The estate of the deceased Joint Owner, together with the surviving Joint Owners, shall continue to be responsible to us for any obligations incurred before we received written notice of the death of such Joint Owner, or for any costs incurred by us, including reasonable legal fees, in the closure of the Account, or adjustment of the interests of the surviving Joint Owners; and

- (g) unless the Joint Owners advise us in writing to the contrary, the Joint Owners shall be deemed joint tenants with right of survivorship and in the event of the death of a Joint Owner, the entire interest in the Joint Account shall be vested in the surviving Joint Owners on the same terms and conditions as previously held, without in any manner releasing the deceased Joint Owner from liability under this Agreement.

19. **POWER OF ATTORNEY**

19.1 If you want to permit a third party (an "**Attorney**") to operate your Account, you must send us a copy of our Limited Power-of-Attorney document (available on our Website) duly signed by you, the Attorney and an appropriate witness, before permitting the Attorney to operate the Account.

19.2 We have no responsibility to review your choice of Attorney, nor to advise you of such Attorney's reputation, operating methods or trading record. You provide your Attorney with authority and control over your Account at your own risk.

19.3 We will follow the instructions of your Attorney, as if such instructions had originated from you. We will not be required to confirm such instructions with you.

19.4 You retain the right to vary or cancel the appointment of an Attorney at any time by notifying us in writing.

19.5 We will not be responsible for any loss or damage you may suffer from the acts or omissions of an Attorney, or as a result of us following the instructions of an Attorney.

20. **CHANGING THESE TERMS**

20.1 We may change these terms at any time for any reason, including (without limitation):

- (a) to comply with or reflect a change in Applicable Law or a decision by a relevant ombudsman or regulator;
- (b) to make them more favourable to you or to correct a mistake or oversight (provided that any correction would not be detrimental to your rights);
- (c) to provide for the introduction of new systems, services, procedures, processes and/or products or to incorporate such changes in technology as we deem necessary (provided in each case any change would not be detrimental to your rights); or
- (d) to remove an existing service, provided we have given you appropriate notice its removal in accordance with this Agreement.

20.2 We will notify you in writing before the changes take effect. You will be deemed to accept and agree to the changes unless you notify us to the contrary within five Business Days of the date of our written notice to you. If you object to the changes, the changes will not be binding on you, but your Account will be suspended and you will be required to close your Account as soon as is reasonably practicable. Any change to this Agreement will come into effect on the date specified by us which will, in most cases, be at least five Business Days after you are deemed to have received notice of the amendment in accordance with paragraph 32.3 (unless it is impractical in the circumstances to give five Business Days' notice).

20.3 If, as a result of changes we propose to make, you wish to terminate the Agreement, you may do so in accordance with paragraph 21. We will not make a charge for transferring any money we hold for you if you terminate the Agreement for this reason.

20.4 An up to date copy of these terms is always available on our Website.

21. **TERM, TERMINATION AND CANCELLATION**

21.1 You may terminate this Agreement only in accordance with this paragraph 21.

21.2 Either you or we may terminate this Agreement, at any time, by giving the other party at least three (3) Business Days written notice.

21.3 If you terminate this Agreement, you must close all your open Positions as soon as is reasonably practicable and in any event within 21 days of you giving us written notice to terminate this Agreement. Any losses incurred on your Account prior to its closure will become immediately payable by you. We will not accept any Orders to open new or increase existing Positions after we receive such written notice from you to terminate this Agreement. We will only close your Account if you have fully satisfied and discharged any amounts owed to us in respect of your Account.

21.4 We may terminate this Agreement immediately upon an Event of Default, as set out in paragraph 23, or upon a Force Majeure Event, as set out in paragraph 26. If we terminate this Agreement for these reasons:

- (a) we will notify you in advance unless we are unable to do so under Applicable Law; and
- (b) we may close out or cancel any or all of your open Positions without notice on the basis of the price available on the Trading Platform or, where the market is closed, at the next available price on the opening of the market, or as required otherwise by Applicable Law.

21.5 No penalty, fee or charge will be payable by either party upon cancellation or termination of this Agreement under this section 21.

21.6 Where this Agreement comes to an end, we will endeavour to return to you, within 5 Business Days, the net balance of any monies remaining on your Account.

21.7 We will forward any net balances in your Account as directed by you. In the event that you fail to provide instructions we will forward such funds to the account from which you transferred funds from.

21.8 The amount to be remitted to you pursuant to paragraph 21.6 shall be the net balance of your Account less (i) any and all monies due to us from you pursuant to the Agreement; and (ii) any and all taxes and other sums that we are required to withhold from such remittance in accordance with Applicable Law.

22. ASSIGNMENT

22.1 You may only assign or transfer, or grant any security in respect of, your rights or obligations under this Agreement to another person if we agree to this in writing. We would not agree to such transfer to a person who is a Prohibited Customer, for whom we do not consider our services to be appropriate or who we do not consider could comply with the terms of this Agreement, for example.

22.2 We may assign our rights or obligations under this Agreement to another organisation. We will tell you in writing at least 30 days before this happens. You can terminate this Agreement at any time before the end of this 30 day period if you are not happy with this assignment.

23. EVENTS OF DEFAULT AND THEIR EFFECT

- (a) close out all or any of your Open Positions at current quotes;
- (b) debit (or credit) your Account for amounts which are due to us (or you);
- (c) close any or all of your Accounts held with us; or

(d) refuse to open new Positions or Accounts for you.

23.3 In the case of an Event of Default under paragraph 23.1(f), any communications between us and you during the period before the withdrawal of your consent to do business electronically, will be valid and binding on both you and us.

23.4 In the case of an Event of Default under paragraph 23.1(j), you agree to accept the risk and liability for any resulting financial loss, on a Transaction, which will become immediately due and payable.

25. **YOUR RESPONSIBILITY FOR LOSSES**

You are responsible for, and shall refund to us, any liabilities, losses or costs we may incur if you fail to perform any of your obligations under this Agreement, in relation to any Transaction or in relation to any false information or declaration made either to us or to any third party, or arising out of any act or omission by any person obtaining access to your Account by using your Access Codes, whether or not you authorised such access. When you contact us you must:

- (a) provide your name and user name; and

- (b) describe the error, or Transaction you are unsure about, and explain as clearly as you can why you believe it is an error or why you need information.

30.2 If you provide this information orally, we may require that you send your complaint or question in writing within ten Business Days. We will determine whether an error occurred within ten Business Days after hearing from you and will correct any error promptly. If more time is needed, we may take up to 40 calendar days to investigate your complaint or question, although in extenuating circumstances we may take longer (in which case we will keep you fully informed). If we ask you to put your complaint or question in writing and we do not receive it within ten Business Days, we will conclude that the Transaction in question is correct and no error was reported. If we decide that there is no error, we will send you a written explanation.
